Re: Syngenta GE-1  
Durham, North Carolina

Dear Mr. Parrish,

I am pleased to provide you with this letter of recommendation for Adams Electric Company and the work which you performed on the Syngenta GE-1 project in Research Triangle Park in Durham, North Carolina.

Your entire team's commitment to this project and the spirit of partnership and cooperation that was displayed by everyone on the Adams project staff played a pivotal role in the delivery of this one of a kind green house facility. Your team's efforts to control cost, provide a quality project and meet the unique schedule challenges created on this project were critical to the success of the project. The level of pride, professionalism and dedication that was displayed by Adams Electric on the Syngenta GE-1 project has proven to be a valuable asset, as Turner seeks other opportunities to work with Adams throughout the Carolinas.

We appreciate the relationship that we have been able to develop with Adams and look forward to future opportunities to work together.

Sincerely yours,

Robert M Thompson  
Project Executive
